

Planta de aeromodelo treinador asa alta

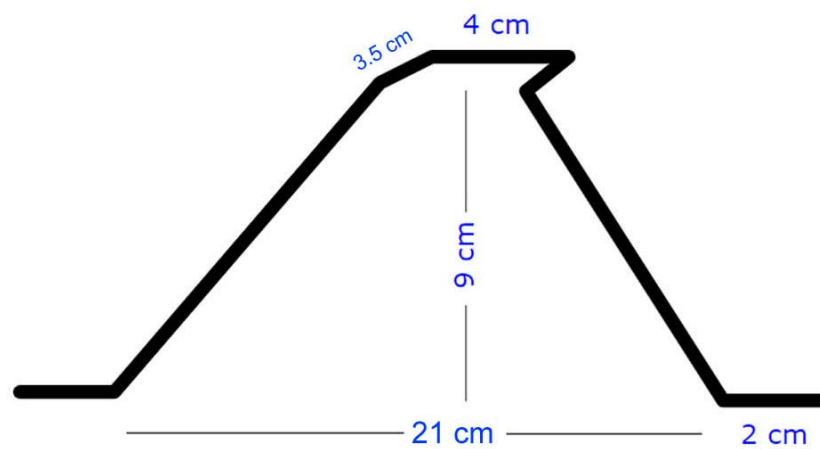

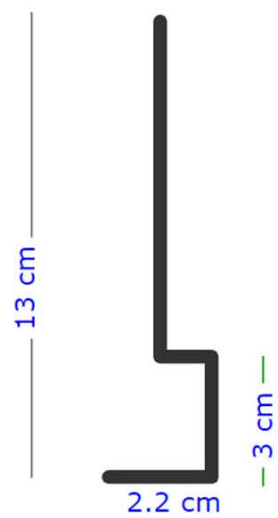

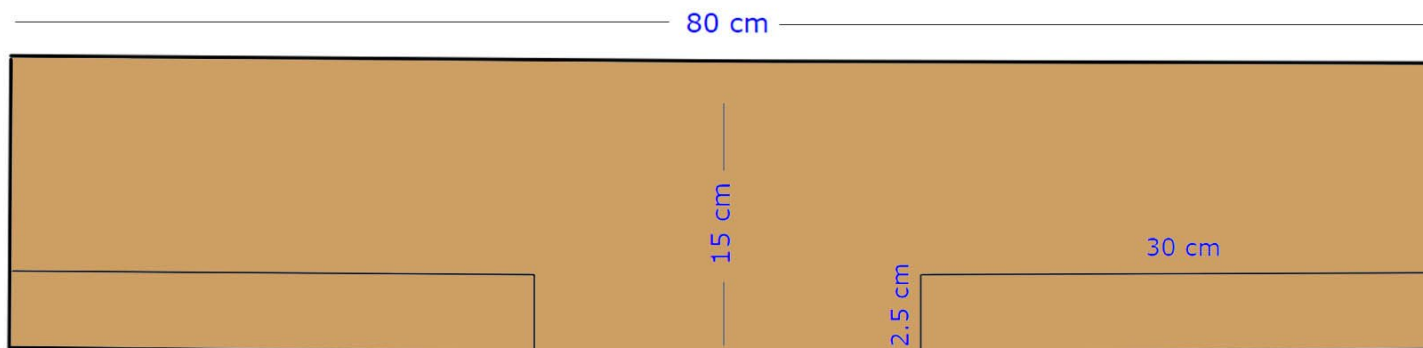

Vídeo com tutorial de montagem

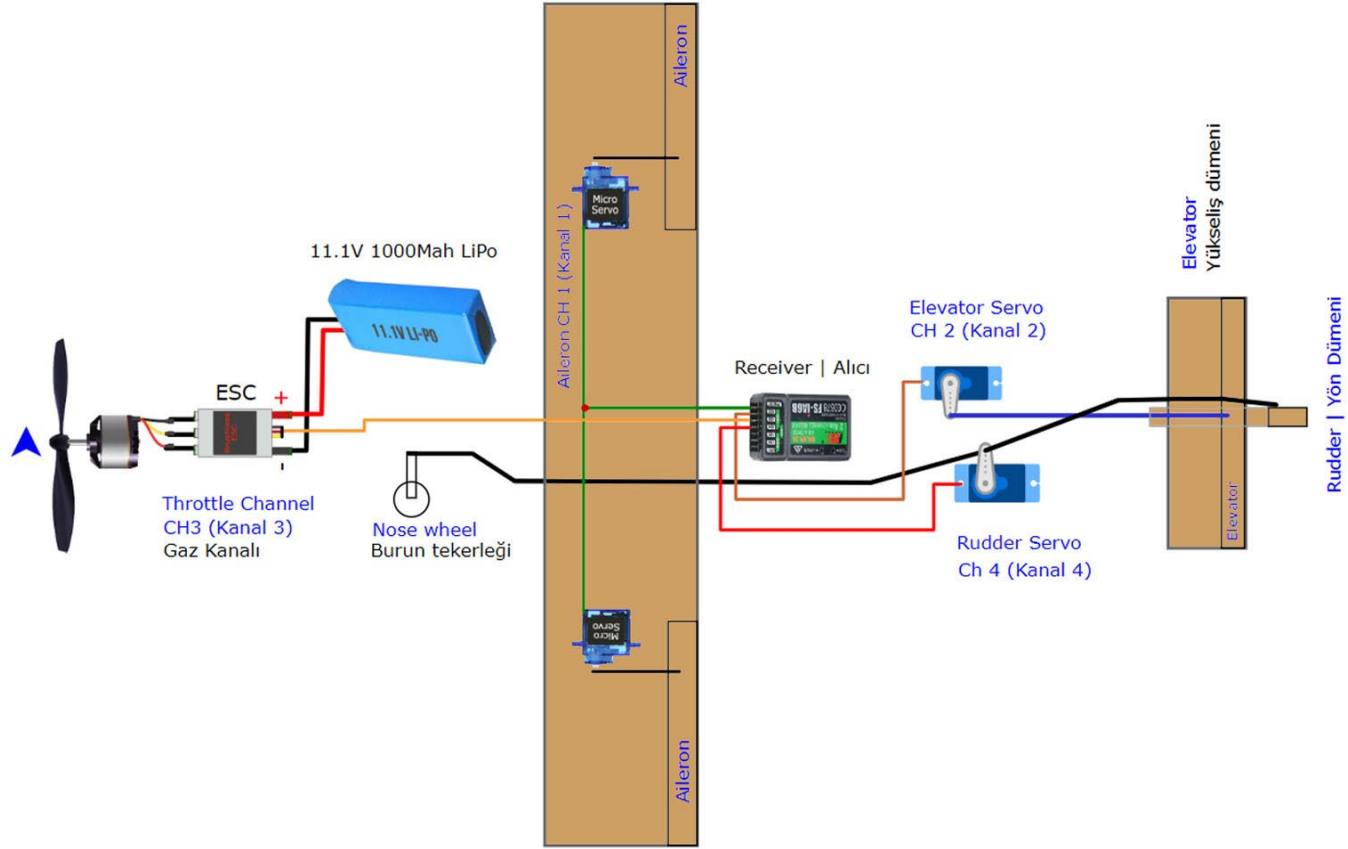

<https://auladeaeromodelismo.com.br/blog/plantas/diy-como-fazer-um-aeromodelo-treinador-com-planta/>

WING | KANAT

The background is a solid blue color. It features faint white line drawings of various aircraft models, including a P-51 Mustang, a P-40 Warhawk, and a P-38 Lightning. A small, detailed model of a P-51 Mustang is positioned on the left side. A yellow-handled screwdriver is shown on the right side, positioned as if it's working on a wooden structure. In the bottom left corner, there are several small, detailed drawings of aircraft fuselages, labeled F3A, F4A, F2A, F2B, F2, and F1. The main title 'AERO MEGA PLANTAS' is written in large, bold, white capital letters with a black outline. Below it, the text 'MILHARES DE PLANTAS DE AEROMODELOS PARA DOWNLOAD' is written in bold, yellow capital letters with a black outline. At the bottom center, there is a red button with the text 'SAIBA MAIS' in white capital letters.
